WORLD HEALTH AI SUMMIT LONDON

About the Summit

The 3rd annual World Health AI Summit brought senior NHS and healthcare leaders to ME London Hotel on Tuesday 22 September 2026 for a day on putting AI to work across the NHS.

Under the theme Intelligent, Connected, Advanced, the programme ran from the national view to the front line: six panels, a fireside chat, two spotlights and two keynotes.

The format stayed focused: one room, panel-led discussion, lunch served among the exhibitor stands and a closing drinks reception.

SILVER SPONSOR

The Day in Numbers

34

Speakers on stage, 27 of them from NHS and public sector bodies

21

NHS and public sector organisations represented on stage

11

Sessions: six panels, two keynotes, two spotlights and a fireside chat

80%

Of registered delegates came from NHS and healthcare provider organisations

8

Partners and exhibitors across the day

3rd

Annual edition of the World Health AI Summit in London

Highlights

- Dr Alec Price-Forbes, NHS England's Chief Clinical Information Officer, opened with the national perspective.
- MHRA Deputy Director Jessica Paulsen chaired the regulation, ethics and governance panel.
- InterSystems gave the Gold spotlight, Trust by Design, and Accurx spoke on a year of NHS ambient voice data.
- Radiology AI leads from Sussex, Cambridge and Lewisham and Greenwich joined NHS England's Rob Dale.
- Tandem Health, Sussex Partnership, HCA Healthcare UK and Islington GP Federation debated agentic AI.
- Dr Claire Fuller, National Priority Director for Neighbourhoods, closed on where NHS AI goes next.

The Programme

TUESDAY 22 SEPTEMBER 2026

Time	Format	Session	Moderator or speaker
09:40	Opening keynote	Reimagining Health and Care Delivery	Dr Alec Price-Forbes
10:05	Panel	AI in Medical Education, Quality Improvement & Clinical Audit	Dr Tahreema Matin
10:45	Panel	Navigating Regulatory, Ethical & Governance Challenges	Jessica Paulsen
11:40	Panel	Scaling AI Beyond the Pilot: Real-World Implementation	Jack Tabner
12:20	Spotlight	Trust by Design: The Missing Ingredient in Scaling Healthcare AI	Rebecca Pluthero, InterSystems
12:40	Networking	Networking lunch among the exhibitor stands	
13:40	Panel	AI in Diagnostics, Imaging & Neuroscience	Dr Sameer Gangoli
14:20	Spotlight	The Signal Beneath the Noise: What a Year of NHS Deployment Data Is Starting to Tell Us About Ambient Voice Technology	Jack Tabner, Accurx
14:40	Panel	Agentic AI, Voice Agents & Automation in Healthcare	Hasib Aftab
15:35	Fireside chat	The Buyer's Lens: How NHS Systems Actually Adopt AI	Dr Indra Joshi
16:05	Panel	Revolutionising Workflows with Generative AI & LLMs	Dr Hatim Abdulhussein
16:45	Closing keynote	The Neighbourhood Is the New Hospital: Where NHS AI Goes Next	Dr Claire Fuller
17:00	Networking	Drinks reception	

Keynotes and Spotlights

**OPENING
KEYNOTE**

09:40

Reimagining Health and Care Delivery

Dr Alec Price-Forbes · Chief Clinical Information Officer, NHS England

SPOTLIGHT

12:20

Trust by Design

The Missing Ingredient in Scaling Healthcare AI

Rebecca Pluthero · Senior Legal Counsel for AI, InterSystems

SPOTLIGHT

14:20

The Signal Beneath the Noise

What a Year of NHS Deployment Data Is Starting to Tell Us About Ambient Voice Technology

Jack Tabner · General Manager, Accurx

**CLOSING
KEYNOTE**

16:45

The Neighbourhood Is the New Hospital

Where NHS AI Goes Next

Dr Claire Fuller · National Priority Director for Neighbourhoods, NHS England

AI in Medical Education, Quality Improvement & Clinical Audit

PANEL • 10:05

ON THE AGENDA

- 01 How can AI transform medical education, clinical materials development, and portfolio assessment?
- 02 What role does AI play in clinical quality improvement and audit processes?
- 03 How can AI support radiology education and specialised clinical training programmes?
- 04 What insights can be drawn from NHS AIDF awards and successful AI deployments?

MODERATOR

Dr Tahreema Matin
Associate Medical Director
NHS England

Dr Senan Alsanjari
Consultant Cardiothoracic
Radiologist, AI Lead
Frimley Health NHS
Foundation Trust

Dr Shruti Dholakia
Consultant Anaesthetist
Imperial College Healthcare
NHS Trust

Dr David Rosewarne
Consultant Radiologist
The Royal Wolverhampton
NHS Trust

Hayley Grafton
Chief Nursing
Information Officer
University Hospitals of
Leicester NHS Trust

Navigating Regulatory, Ethical & Governance Challenges

PANEL · 10:45

ON THE AGENDA

- 01 What are the ethical implications of using AI in healthcare, including privacy, bias, and transparency?
- 02 How is AI technology being regulated in healthcare, and what frameworks are emerging?
- 03 What opportunities and challenges do AI and data governance present for the healthcare industry?
- 04 How can healthcare organisations ensure algorithmic fairness and data security?

MODERATOR

Jessica Paulsen

Deputy Director, AI
and Software

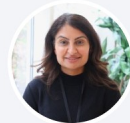

MHRA

Surbhi Gupta

Senior Healthcare
Regulatory Lead

NHS England

Ravinder Kaur Sahota

Group Chief
Information Officer

**The Dudley Group and
Sandwell and West
Birmingham**

Eddie Olla

Scaling AI Beyond the Pilot: Real-World Implementation

PANEL · 11:40

ON THE AGENDA

- 01 What are the critical success factors for moving AI from pilot projects to full clinical deployment?
- 02 How can healthcare organisations overcome adoption challenges and workforce resistance to AI?
- 03 What lessons can be learned from successful AI rollouts in healthcare settings?

MODERATOR

Jack Tabner
General Manager
[Accurx](#)

Sigal Hachlili Dwyer
Director of AI, Data &
Digital Innovation
[Guy's and St Thomas' NHS
Foundation Trust](#)

Dr Hemant Nemade
Group Medical Director
[University Hospitals of

Dr Neelan Das
Senior Consultant Cardiovascular
and Interventional Radiologist,
Clinical AI Lead
[Kent and Canterbury Hospital](#)

AI in Diagnostics, Imaging & Neuroscience

PANEL · 13:40

ON THE AGENDA

- 01 How is AI improving diagnostic accuracy in radiology, pathology, and emergency medicine?
- 02 What applications of AI in neurology and neuroscience are showing the most promise?
- 03 How can AI reduce false positives and negatives while enhancing workflow efficiency?
- 04 What are the data quality requirements and validation standards for AI diagnostic tools?

MODERATOR

Dr Sameer Gangoli

Consultant Radiologist, Clinical and Governance Lead for AI

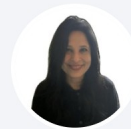

University Hospitals Sussex NHS Foundation Trust

Dr Tilak Das

Consultant Neuroradiologist, Imaging Clinical AI Lead

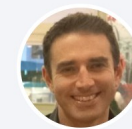

Cambridge University Hospitals NHS Foundation Trust

Dr Sarojini David

Consultant Radiologist, Clinical Director & AI Lead

Lewisham and Greenwich NHS Trust

Rob Dale

Head of AI, Diagnostics

NHS England

Agentic AI, Voice Agents & Automation in Healthcare

PANEL · 14:40

ON THE AGENDA

- 01** How is agentic AI being used to reduce NHS demand and streamline patient interactions?
- 02** What role do voice agents play in driving down administrative burden and improving efficiency?
- 03** How can process automation transform clinical services and operational workflows?
- 04** What real data and insights are emerging from early agentic AI deployments in healthcare?

MODERATOR

Hasib Aftab

Chief Executive Officer

Aqlios

Dr Katie Baker

Director, UK & Ireland

Tandem Health

Joanna Hillier

Chief Clinical
Information Officer

**Sussex Partnership NHS
Foundation Trust**

Dr Dipesh Hindocha

Chief Medical
Information Officer

HCA Healthcare UK

Liam Beadman

Deputy Chief
Operating Officer

Islington GP Federation

The Buyer's Lens: How NHS Systems Actually Adopt AI

FIRESIDE CHAT · 15:35

ON THE AGENDA

- 01** Beyond the technology itself, what governance, workforce, and commissioning conditions need to be in place before AI can scale safely across a population?
- 02** What do NHS systems actually look for when evaluating AI solutions, and where do most vendors get the buying conversation wrong?
- 03** How do clinical safety validation and frontline workforce readiness intersect to ensure long-term adoption?

MODERATOR

Dr Indra Joshi

Chief Product Officer

Enlivio Health

Dr Chris Streather

Regional Medical Director & CCIO, London

NHS England

Dr Shana Vijayan

Assistant Director, Digital Profession

NHS England

Revolutionising Workflows with Generative AI & LLMs

PANEL · 16:05

ON THE AGENDA

- 01 How are generative AI and LLMs transforming clinical workflows and decision-making?
- 02 What security, privacy, and implementation considerations are critical for safe deployment?
- 03 How can LLMs improve information extraction, clinical documentation, and interoperability?
- 04 Can generative AI promote inclusivity, reduce bias, and improve access for diverse communities?

MODERATOR

Dr Hatim Abdulhussein

Chief Executive Officer
**Health Innovation Kent
Surrey Sussex**

Dr Marcela Vizcaychipi

Chief Clinical
Information Officer
**Chelsea and Westminster
Hospital NHS

Dr Raees Lunat

Chief Medical
Information Officer
**West Hertfordshire
Teaching Hospitals
NHS Trust**

Rachel Finegold

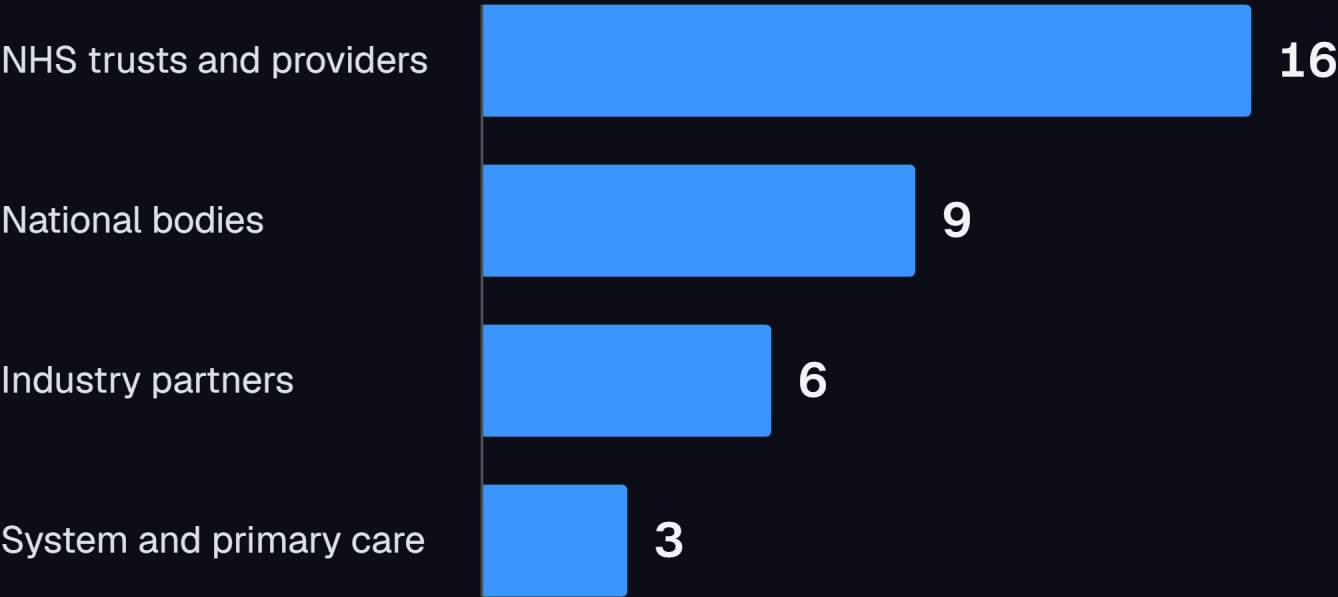

CEO & Co-Founder
Frontier Health

Speaker Profile

Nearly half of the 34 speakers came from NHS trusts and providers.

WHO SPOKE

Speakers by organisation type

7 Chief clinical, medical and nursing information officers

6 Consultant radiologists, five of them clinical AI leads

8 Speakers from NHS England

Organisations on Stage

28 organisations took the stage, from national bodies and NHS trusts to primary care and industry.
